[QAPP Addendum 01 - Bridgeton Dust Site.pdf](#)
[ATT00001.htm](#)

After receiving the detection limits from the START contract lab, we had to make a small change to the procedure associated with our collection of swipe samples.

Essentially, we increased the swipe area in order to insure that the sample results would be comparable to our EPA BPRG's.

I have spoken to each of our home owners about this and they are fully aware of this change to the QAPP.

Please see the attached addendum and let me know if there are any questions or comments and if you approve of this modification.

Thanks,

Tom Mahler

Subject: Bridgeton Dust QAPP Addendum

Hi Tom,

Attached is a signed addendum for the Bridgton Dust Site QAPP.

Thanks,

Rob
